www.topveloce.com

MISSION

We Top Veloce Technical services LLC are equipped with the technical and organizational efficiencies. Our company provides a full range of technical services such as Firefighting fire alarm, other MEP etc... We deliver with a purpose to build sustainable communities and develop long lasting relationships with our clients, we aim to be our client's advocate keeping their best interest in mind every step of the way.

Our responsibility is to help all parties comply with the procedures and time frames of the relevant Act and work through the adjudication process. Our services are provided quickly, efficiently and cost effectively.

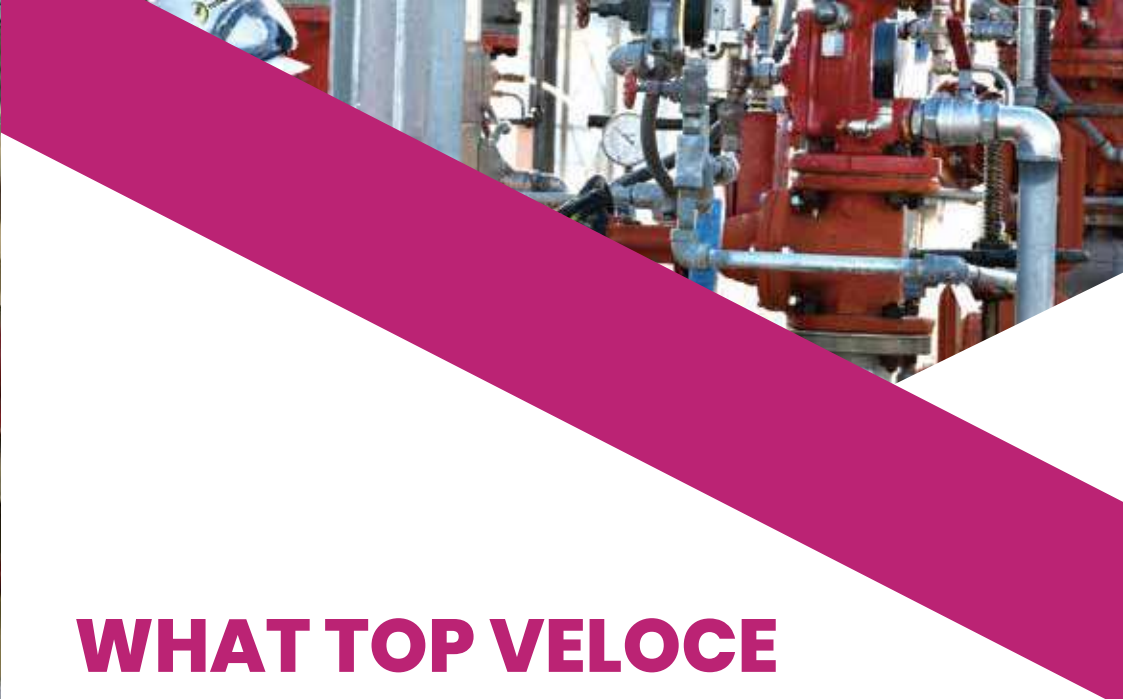

WHAT TOP VELOCE CAN DO FOR YOU

We mainly concentrate Fire protection system installation services which includes Firefighting, Fire alarm, Emergency-Exit and all kind of special systems such as FM 200, Foam System, and Deluge system etc... with proper standard and quality.

Also we undertake other technical works relating to Mechanical, Electrical, plumbing & AC.

OUR TEAM

Top Veloce got a dedicated and talented team who are able to provide unique service solutions. Our dedication to innovation, quality and safety is shared by all of our staff.

Professional Training is regularly performed to ensure the latest techniques, skills and safety standards are maintained

SAFETY

The theme of safety dominates all of TVTS policies and actions. Proactive individual involvement, personal responsibility, and continuous improvement are expected of all employees, clients and subcontractors.

We believe that by adopting this approach, a safe working environment can be achieved to the satisfaction and benefit of all.

TEAMWORK

Our people thrive on the challenge to excel in any environment, work on their special skills, are committed to common goals and good team players. We recruit experienced professionals and our aim is to constantly develop and empower our employees and create an environment where achievement is recognized and success is rewarded.

QUALITY

Our commitment to quality is one of the bases for our competitive advantage and customers build their trust on us. Our customers' satisfaction is one of our prime importance.
